

Wild @heart Elopements

About us

We dream up extraordinary, **intimate elopements** and we make them happen. We're a **wedding planning service** with our head in the clouds, our feet in the sand, and our hearts in the land. We spend our time in the wide, **wonderful landscapes of the UAE** and we're here for anyone that loves to do the same.

As a **collective of wedding industry experts**, we're united by our passion for next-level nuptials. We're also driven by a deep shared love for our country and its wondrous wilderness. We've come together to hold space for adventurous souls looking to **tie the knot in a way that's truly unique and intimate**.

On a **secluded beach**, amongst the **desert dunes** or high up in the **majestic mountains** – wherever our couples choose to say 'I do', the adventure is guaranteed, as is the epic backdrop. And everything else is taken care of by our comprehensive, **customisable elopement package**, which includes the option to spend a magical night under the stars.

How it works

Two wild hearts. One epic location. The ultimate love story

We believe that getting married is about **two people choosing each other**. It's about a promise, from one heart to another. It's that simple. And so is our concept. We've worked together to create **three packages** that cover all the basics for an intimately adventurous elopement experience, and they can all be **tailored to your requirements**.

All you'll need to do is make a few decisions and we'll take care of all the organisation. Choose your location, let us know which package suits your style and budget, and add on any optional extras that you would like. **We'll guide you through the process, consult with you on all the details**, and customise the package so that it represents you.

Other than that, we just need you to rock up on the day... and get married!

The wedding

A low-key, fuss-free occasion in an epic location?

Our squad of passionate wedding industry experts is here to make that happen.

The Toast

Even the most intimate of occasions deserve a toast. Couples getting hitched in private will be served a charming picnic basket and champagne to enjoy at your leisure as you soak up the great outdoors. Larger wedding parties will be catered with a cocktail reception directly following the ceremony, offering canapés and drinks to kickstart the festivities.

The Ceremony

Your journey into married life starts here – so turn your wedding into an adventure. We'll scout out a gorgeous, secluded spot in the wilderness – on the beach, up in the mountains, or out in the desert – and transport you by 4x4 for an enchanting, one-of-a-kind ceremony.

We'll establish an intimate space for the ceremony to take place and set up one of our beautiful ceremony arches (you can choose from classic, boho or wild). You may wish to be alone with just your wedding celebrant, or we can establish an area for your guests to sit or stand. We have two wonderful officiators for you to choose from, one male, one female, and they'll get to know you before the ceremony to ensure a personalised service that captures the essence of your relationship. A photographer will be on hand to capture the moment, and we can take care of flowers, hair and makeup, and any other styling needs.

The Celebration

Turn your intimate elopement into a mini destination wedding – one that embodies the essence of adventure your friends and family know you for. With up to 30 of your favourite people, spend an unforgettable night glamping in the rugged hills of Hatta or the rolling red dunes of the Dubai desert.

The intimate venue will be yours exclusively, and you'll be able to spend the whole day of the ceremony here, preparing and relaxing. Dinner will be served, campfires will be lit, and the incredible sunset views will be yours to soak up.

Choose from a traditional Arabic feast with hot and cold mezze and BBQ, or a spit roast with all the sides – we can tailor either to your requirements. Enjoy dinner with your guests around a royal table, then dance under the stars to music provided by a live band or DJ.

The packages

1#: Ma'an Package

This elopement package is designed for a couple that **values simplicity**. The focus is on you and a private celebration of your union, with a photographer on hand to capture the special moment. The package can be customised to **accommodate up to 4 guests** if you'd like to turn the occasion into a small party.
